

CARING FOR...

WHAT MATTERS **MOST TO YOU.**

WHO WE ARE.

WHY WE CARE.

Welcome

At NER, we are more than a restoration company — we are a team of problem solvers, neighbors, and care providers. Our work matters. When disaster strikes, people are at their most vulnerable, and we step in not just to restore property, but to restore peace of mind.

Our mission is simple: to provide best-in-class water mitigation, moisture removal, waterproofing, and home restoration services with urgency, integrity, and compassion. We do this by living our core values, supporting one another, and always striving to be better — for our customers, our community, and each other.

I look forward to what we'll build together.

A handwritten signature in blue ink that reads "Chad Goodhue". The signature is fluid and cursive, with the first letters of "Chad" and "Goodhue" being capitalized and prominent.
